# HOME HARVEST GREENHOUSE

The Home Harvest Greenhouse Multiwall Panel Kit includes detailed greenhouse plans and specifications, lumber cut list, hardware list, tools list, pre-cut multiwall polycarbonate panels and install components.

For ease of installation, we have step-by-step panel installation instructions, illustrations, and photos to help you build your dream greenhouse.

AmeriLux International offers a 10-year prorated material warranty for the 6mm polycarbonate structured sheets only. Lumber and hardware are sold separately from the Home Harvest 4'x6' Greenhouse Panel Kit, therefore they are not warranted by AmeriLux International.
